

GATX Rail Europe is a leading, full-service railcar lessor offering a high quality and diversified fleet to over 20 European countries. With an experienced, service-oriented team, we are focused on making railcar leasing and rail transport simple, efficient, and seamless thus we have strategically located offices across Europe. At GATX we empower, develop, and recognize our people, building a culture of excellence, accountability, and respect. We value diversity and open communication to create a collaborative environment. Together, we achieve more and embrace change by challenging the status quo.

To support our growing organisation we are currently looking for

Senior IT Project Manager (m/f/d)

Role Purpose

Lead a strategic project at GATX Rail Europe. The role requires strong project leadership, stakeholders' management, and the ability to bridge business and technical domains. The candidate must ensure effective coordination between GATX teams and vendors, while maintaining high professional standards and cultural alignment.

Your main responsibilities:

- Manage the full lifecycle of a strategic project, including planning, execution, delivery, and stabilization
- Coordinate internal GATX teams and external vendors, ensuring alignment and effective collaboration
- Analyze vendor proposals and ensure solutions meet business and technical requirements
- Maintain a clear overview of priorities and ensure timely decision-making
- Facilitate communication between business and technical stakeholders

- Ensure project governance, reporting, and risk management are in place
- Represent the project in executive-level discussions and provide strategic updates
- Track project deliverables using appropriate IT tools
- Handle project changes appropriately (change management)

We offer:

- attractive and well equipped workplace in the heart of the city center
- interesting job where you can meet diversified challenges and tasks every day
- international working environment, shaped by team work and a great atmosphere
- appropriate remuneration and social benefits of a modern company
- flexible working time including home office model
- close cooperation and exchange of experience with other skilled teams within the GATX group
- opportunity for professional development with wide range of trainings

You are a good fit if you have:

- Minimum 7–10 years of experience in project management, including strategic initiatives
- Proven experience in managing large-scale projects (with volume of > 500 PD), ideally involving custom software delivery (preferable in .NET) and SAP
- Experience with cloud-based platforms (e.g. AWS) would be a strong asset
- Experience in cross-functional and international project environments
- Agile mindset & experience in Agile methodology and their tools
- Project management certifications (PMP, PRINCE2) would be strong asset
- Experience with the MS office suite, Jira, Confluence
- Fluency in English
- High level of professionalism, integrity, and accountability, ability to build trust and maintain good standing with Senior Management and vendors
- Ability to understand technical content and software architecture at a high level
- Strong attention to deadlines and budgetary guidelines, details-oriented
- Strong stakeholders' management, communication and presentation skills

We are looking forward to receiving your application!

Join our GATX team and let's make railcar leasing easier together.
